NEXT GENERATION RAP RECYCLING

Our mission:

Allow 100% of RAP recycling

Our belief:

**“ There is no waste,
only wasted resources “**

Introducing “SOUP” :

**a non-hazardous black liquid
to be cold mixed with RAP stones,
resulting in a multi purpose cold
asphalt mix that can be used for:**

- **Pothole repairs**
- **Overlays**
- **Edge repairs**
- **Finisher applications**
- **Micro Trenching**
- **Manhole & Water Valve Surrounds**
- **Utility Cuts**

• immediate road paving

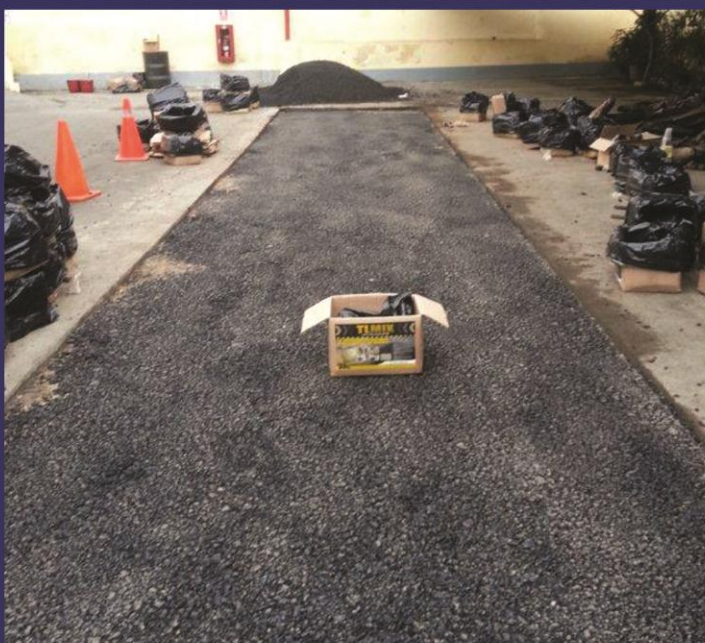

• utilizing existing plant facilities

• cold application construction

• sub-zero operations

• trench patching

• water-filled pothole repair
